Greetings from The Gates Board of Directors!

It goes without saying this pandemic has brought many of us closer together. From neighbors supporting each other with grocery store runs to having a little fun and placing teddy bears in windows for children to spot. It has been a heartwarming experience and proves we can get through this together!

Our goal is to make The Gates the best place to live in Pooler. Want to get involved? You can do so by; attending monthly meetings, running for office, joining a committee, or picking up trash throughout the community.

We appreciate the support of so many of you and try our best to do what's in the best interest of all homeowners.

Social Committee

The Social Committee has been working hard over the last few weeks to plan some great events for the year. The first was a Valentine's Cookie decorating event, which was a success!

**GET YOUR
 RED OF
 STUFF**

Get your items ready! March 6th will be our first Yard Sale of the year.

Please remember to practice social distancing.

Please keep an eye out for additional events on the community website.

Landscaping

As you may have noticed; we switched landscaping companies near the end of last year. Since switching we have noticed a tremendous difference in the level of care to our community. From trimming neglected bushes and trees around the community to laying fresh pine straw. We are pleased with the progress thus far.

In addition, the Beautification Committee is excited to report; Savannah Secret Gardens has completed the first phase of the landscaping project. They updated the entrance of the subdivision with new plants, added sod at the clubhouse to reduce flower beds, and gave the Palm Tree at the Triangle an update with new plants. The second phase will begin in the spring.

We hope everyone is as pleased with the improvements as we are.

Clubhouse

Renovations are underway; the interior has a fresh coat of paint, and the carpet will be replaced very soon.

Contact Sentry Mgt., if you are seeking to rent the clubhouse.

Please Slow Down!

For the safety of our resident's, speed humps will be installed very soon at the triangle and near the playground.

Flags

Flag Poles were added to the entrance of the subdivision. Flags will be installed soon along with lighting.

RV Lot

Lighting has been added to the RV Lot for additional security. We are still working through the re-grading/gravel project. If you know of a company that can assist, please email the board. 2021 Stickers will be issued within the next 2 weeks.

With the spring months upon us and summer just around the corner, it is critical that we consider the freshening of our homes and prepare our yards for the upcoming season.

Thank You!

We would like to thank everyone who takes time out of their day to clean up the trash on Old Quacco Road.

We appreciate you!

Did you know?

- The Gates has a website: <https://thegatesatsavannahquarters.com/>
- Prior to making any alterations to the exterior of your property; you will need to gain approval from the Architectural Control Committee (ACC). More information can be found on the community website or contact Sentry Mgt.
- All trash/recycle bins should be removed from the curb within 24hrs after pick up. Bins should be stored out of view from the street. Visit www.atlanticwaste.com/pooler for pick up schedules.
- Pet waste contains a variety of diseases. Pet waste that is not disposed of properly carries these contaminants into our waterways. Grassy areas also suffer from pet waste not being cleaned up. Parks, trails, your own back yard and even the common areas in the community can be damaged by pet waste – because of the different nutrients in the waste of domestic pets, unlike waste from wild animals, pet waste does not biodegrade as quickly.
 - To help keep our community clean, pet waste stations are located to the left of the clubhouse, at the triangle, and outside the rear gate.
- If you need to park at the clubhouse overnight or require the use of a POD, please advise the board ahead of time.
- We all love a little R&R; please be courteous to your neighbors and minimize noise levels after 9 pm.

Savannah Ogeechee Canal Trail Walk

Did you know there is a recreational trail nearby for hiking and bicycling? As you go southeast on Easthaven Road to the new development "Whitaker Park at Savannah Quarters" you cross a bridge over a canal. This canal happens to be the historic Savannah Ogeechee Canal used in the 1800's to transport goods from the Ogeechee River to the Savannah River.

The Savannah Ogeechee Canal (SOC) Society will be hosting a hike on March 6 (weather permitting) at 10 am from Quacco Road (at Canal Bank Road) to I-16. For more information about the SOC go to www.savannahogeecheecanal.org. For more information on the hike see the SOC Facebook page "Savannah-Ogeechee Canal Museum and Nature Center".
